

Later Prehistoric Finds Group

ONLINE SYMPOSIUM

6<sup>th</sup> November 2020

CALL FOR PAPERS

## What's new with Bronze Age and Iron Age finds?

Whilst it has not been possible to hold our annual conference this year, we will be meeting online to present and discuss our work in a friendly and informal virtual setting. We invite you to join us for a free online symposium to share new finds, research and ideas. Presentations and discussions will be delivered online via Zoom and it is anticipated the symposium will commence at around 10am, lasting until late afternoon.

To make participation as easy as possible, the theme of the symposium simply covers the study of Bronze and Iron Age finds. We welcome papers covering recent discoveries, analyses and research by anyone engaged in the study of later prehistoric finds including students, researchers, commercial archaeologists, experimental archaeologists, museum professionals, FLOs and more.

Papers will be either 10 minutes or 20 minutes long. To submit a paper proposal, please send an abstract of <250 words to [laterprehistoricfindsgroup@gmail.com](mailto:laterprehistoricfindsgroup@gmail.com) and specify the length of your paper. **The deadline for submissions is September 18<sup>th</sup>.**

Please get in touch using the email address above if you have any questions about the format of the symposium, or if you would like to discuss prospective paper ideas.
